Biography

Johann Wilhelm Josef RUTH was born in Luxembourg on 23 October 1776, son of a notary.

He married twice and had a total of 12 children.

He held various positions in the public administration such as *Friedensgerichtsschreiber, garde chef des forêts, brigadier des forêts, Sekretär der Forstadministration.*

From the birth registrations of his last four children, it is clear that he was temporarily out of work as of 1824; he was recorded as *sans profession.*

In 1828, however, at the age of 52, he joined the public administration again and became *commis au bureau de l'enregistrement des domaines et de la conservation des hypothèques à Diekirch* where he was still employed when he applied for a patent in 1843; he was then aged 67.

RUTH died in 1849 in Diekirch.
