Orléans (FR)

Patents (details)

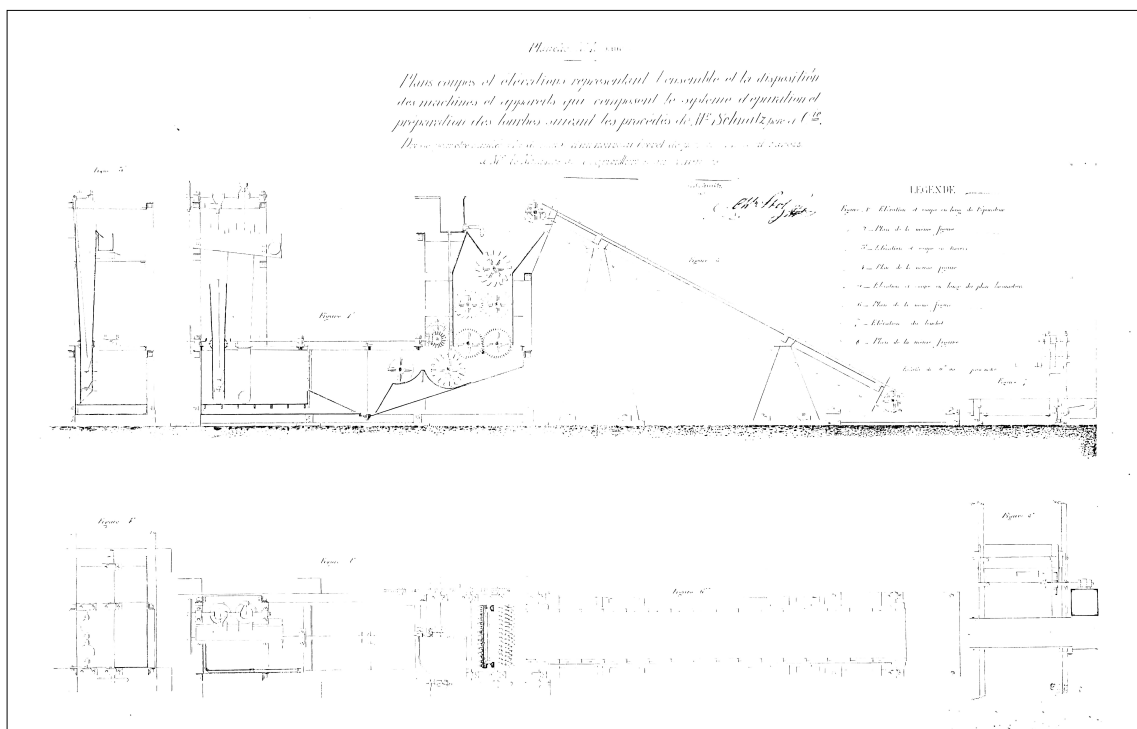

1 - Perfectionnements apportés à la préparation de la tourbe ¹

LU patent	A093
Application date	1 December 1866
	<i>brevet d'importation</i>

The administrative file does not reveal any information either on the original patent that was imported or on the nature of the invention.

The following French patent is the only one filed in 1866 on the same subject-matter as the Luxembourg patent filed by CHAPRON (préparation de la tourbe). This is probably the patent CHAPRON wished to import. ²
