Biography

Edgar (Boriswitch) HOPPE was born in Moscow (Russia) in 1893.

Edgar took over the management of the Berlin company HOPPE & Co around 1924. ² The company was specialised in manufacturing machines for the paper and cardboard industry.

From Edgar's patents his places of residence can be retraced as follows: ³

1928	Berlin
1935/1936	Amsterdam
1941	Luxembourg
1942-	New York

In October 1941 HOPPE set up a wholesale trade for paper goods in Luxembourg-city (11 rue Goethe) under the name of "*Hoppe Papierindustrie*". ⁴

There is no evidence that the company was long-lived. HOPPE probably left for the USA in 1942/1943.

After 1945 HOPPE regularly visited Europe.

Edgar HOPPE died in Europe in 1977.
